

St Lucie County Sheriff Ken Mascara, Chief Deputy Wilson and Deputy Glenn Hoffman are presenting the keys to the new Citizen Observation Patrol car for our new local volunteers. The volunteers patrol communities and beaches from the county line north to Walton Rocks beach. The C.O.P. purpose is to observe and report to the Sheriff's Department. They will also do drive-by observation of local homes during the owner's absence. This car will be kept right here on Nettles Island and is a great benefit for our community. New volunteers may pick up an application at the Condo Office. Contact Bill Cates at 772-349-1276 for further information.
