To: All Residents & Guests of Nettles Island

Re: Coronavirus

The Nettles Island Board of Directors is staying abreast of the updates concerning the Coronavirus and is prepared to make decisions to limit the spread of the virus in an effort to protect the Nettles Island community and employees. We encourage all residents to limit visitors to Nettles Island unless necessary and to stay home if you have recently travelled to any of the Level 2 or 3 countries, as determined by the CDC, or have had any symptoms of the virus, or are concerned about your health due to age, heart conditions, diabetes, lung conditions or any other conditions that could suppress your immune system.

Our staff has been instructed to follow good hygiene practices and administer frequent cleaning to public locations. At this time the Board is implementing the following policy:

Effective immediately, the Rec Hall Staff will no longer hand out recreational equipment from the Rec Hall. We are sorry for any inconvenience this may cause. We will allow residents to use their own equipment on the out door recreation areas.

Effective immediately, the Security Staff will no longer require a driver's license be provided to the officer at the gate house. Guests will be required to provide their first and last name to the gate house officer. All guests must be registered with Security in advance of their arrival. Please contact Security by phone and refrain from using the walk up window unless absolutely necessary.

Effective Monday, March 16th @ 7am, the second floor of the Main Rec Hall, the Exercise Room and the East Rec Hall will be shut down and locked to all further activity. All events, gatherings and meetings for these areas should be cancelled for a minimum of two weeks or until further notice.

At this time the pools and bathrooms and café are open.

The following links are those we are following for up to date and accurate information regarding the Coronavirus. We encourage all residents to stay informed and take precautions recommended by the CDC and Florida Department of Health.

Wishing all residents and guests of Nettles Island the very best of health always!

Thank you,

The Nettles Island Board of Directors
