NOTICE TO ALL RESIDENTS REGARDING TRASH

April 1, 2020

Due to the Coronavirus and for the safety of our residents, our volunteer Green Team has temporarily shut down the recycle operations and is no longer accepting any recycle items. During this time of “stay at home” and “take out only” from local restaurants, there has been an increase of trash being put out for pick up. We understand the challenges residents have due to these circumstances. As a result, the Board understands and has been suspending trash violations.

However, **WE NEED EVERYONE’S HELP!** We continue to have issues with wildlife getting into and creating a mess with trash, especially kitchen trash or food and beverage containers. We are asking that you keep this type of trash separated and indoors until 6:30am on Tuesdays and Fridays. We recommend separating your trash according to the type of trash (food items) and/or using heavy contractor bags if you exceed the trash receptacle capacity. Due to concerns of the spread of the virus, if local critters have made a mess with your trash, you may receive a call to alert you that it should be cleaned/picked up by you.

Please try follow these simple recommendations and educate everyone in your household of the need to keep our community from being an attraction to unwanted critters.

WE THANK YOU FOR DOING YOUR PART TO PROTECT OUR NEIGHBORHOOD!

Sincerely,

The Nettles Island Board of Directors
